The news today Will 2018 live Unfortunately alternatives to Bitmain such as Canaan's AvalonMiner 741 are also out of stock at the moment and that goes even for the less know and popular Ebit E9 miners as well.. The company has started a limited pre-sale of Bitcoin cloud mining contracts with mining expected to start on or roughly more than 3 and a half months from now when you can purchase hashrate.

It seems that due to the peak of price and interest in Bitcoin (BTC) even the largest cloud mining companies like are having trouble securing enough mining equipment in larger quantities fast in order to satisfy the growing demand.

Currently DASH and Litecoin mining contracts are not available, though we would be extra careful with DASH specially due to the inflow of many new X11 ASIC miners on the market and difficulty skyrocketing on a daily basis.. Since the promotional pricing is already applied when you purchase a new contract during the promotional period you should be able to also use additional discount codes as well. So you can use our discount code `CryptoMiningBlog5` and get additional 3% off the already discounted prices for cloud mining hashrate in the Black Friday/Cyber Monday Promotion.. Most people don't want to maintain this hardware, and even for those that have the expertise, the costs of energy, cooling, and maintenance often undermine mining profits.. Hashgains provides the best Bitcoin and other Crypto currency cloud mining pool contracts that.. Genesis Mining offers cloud mining by giving it's customers hashpower from an incredibly efficient mine that uses Iceland's geothermal energy to provide peak efficiency at minimal cost.. Litecoin has been more active lately and things are moving there as well and the user interest is higher in mining capacity for Scrypt ASIC miners as well as even for cloud mining options.. As a regular customer if you want to purchase a Bitcoin mining ASIC from Bitmain you would still need to pre-order with current batches scheduled for early 2018 shipping as well, though you can manage to find some overpriced Antminer S9 units in stock currently for sale as well.. Genesis Mining provides cloud mining capabilities to those who want to mine cryptocurrencies without using costly hardware at home.. Is the second cloud mining service provider to start offering Ethereum After a long period of pre-orders being accepted this Monday (March 21st) the first batch of Ethereum cloud mining hashrate went online and now the company is now taking pre-orders for the second batch that is expected to start mining sometime between April 4th and 11th, so if you purchase now you will have to wait some time before you start earning anything.. For those interested in a cloud mining experience, you can check the that will include the Black Friday/Cyber Monday promotion on Thursday at 12:00AM UTC. 773a7aa168 [Platypus Ice Cycles Raritan](#)
